

RAPID PRIORITY RESPONSE FOR COMMERCIAL CLIENTS

PLANNING - Do you have a disaster plan in place for your business? If a hurricane, flood, earthquake, fire or other natural or man-made disaster were to occur, do you have a trusted and proven partner to mitigate your **Business-Interruption** and **Restore** your business?

SUCCESS OR FAILURE - *The first 12-48 hours following a disaster are critical in determining whether your business fully recovers. Partnering with a proven company like **KUSTOM US** can mean the difference between operational recovery and loss of equipment, resources and customers.*

PARTNER - By establishing partnerships with our clients before disaster strikes, we are able to eliminate much of the helplessness and uncertainty that can often occur.

InstantASSIST allows us to proactively establish your priorities and create a continuation plan to mitigate **Business-Interruption** and **Restore** business.

InstantASSIST is designed to turn any unfortunate course of events into a successful restoration solution. **KUSTOM US** will work with you to develop a disaster plan that is specific to your industry and business needs. Your priorities are discussed ahead of time so **KUSTOM US** can take charge of the situation, allowing you to focus your resources on your core business.
